### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Parfomak on 02/10/09.

2. The application has been amended as follows:

2.1 in claim 1, lines 9 and 10, replace "selected from an alcohol, or an alcohol with a single glycol ether" with -- wherein the organic solvent constituent consists solely of ethanol to the exclusion of other organic solvents --;

2.2 in claim 1, line 21, replace "xlenol;," with -- xlenol; --

2.3 Claims 5, 6, 10, 12, 13, 14, 18 and 25 have been cancelled.

### **STATEMENT OF REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance:

The most pertinent prior art known to the Examiner is listed on the attached forms PTO-892 and 1449. As shown by Crisanti and newly found references Urban, Goffinet and Avery et al., the close prior arts of record, hard surface treatment compositions with various ingredients such as an acid, an anionic/nonionioic surfactant system and organic solvent are well-known. However, none of the prior art of record including Crisanti, Urban, Goffinet and Avery et al., provides sufficient suggestion or motivation to arrive at a composition consisting of the various

ingredients and in particular with ethanol being the sole organic solvent and with the exclusion of specific ingredients as required in the present claims. It is noted that cited references require additional ingredients such as dual solvent systems. Accordingly, the claimed invention, as a whole, would not have been obvious to one of ordinary skill in the cleaning composition art. None of the prior art of record teaches, discloses or suggests a hard surface treatment composition with the inclusion and exclusion of specific ingredients in the manner as those recited the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tri V. Nguyen whose telephone number is (571) 272-6965. The examiner can normally be reached on M-F 8:00 AM to 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
